

Integrated with **GEOTAB**

SMART WAREHOUSE & SMART MANUFACTURING

Verified Assets Visibility That Pays for Itself

ROI SNAPSHOT

30-60 min/day

Search time eliminated per operator

10-25%

Higher reusable asset utilization

15-30%

Less dock & staging dwell time

THE REALITY ON THE FLOOR

- ✓ Assets exist but aren't visible.
- ✓ Operators waste time searching.
- ✓ Production waits on missing items.
- ✓ Companies overbuy to compensate.

SMART WAREHOUSE

- Pallets, totes, cages, tools
- Faster turns
- Higher utilization
- Less manual search

SMART MANUFACTURING

- Tools, carriers, WIP assets
- Fewer line stoppages
- Better traceability
- Lean-ready operations

AVERAGE ASSET SEARCH TIME PER SHIFT

THE ASSETFLO APPROACH

5G Asset Trackers for wide-area & yards

BLE AssetTags for precise indoor visibility

Unified location intelligence

Fully integrated with Geotab

ON-SITE CONSERVATIVE NUMBERS.

✓ **20** operators

✓ **30** min/day saved

= **10 hrs/day** recovered

~2500 hours/year

Verified Asset Visibility. Everywhere.

Figures may change depending on-site conditions as well as the nature of the application.
